THE PRODUCT FAMILY OF HONEST NEKTAR IS BORN OUT OF THE RESPONSIBILITY TOWARDS THE CUSTOMER.

Honey is one of the most adulterated foods on the world market. Therefore, it is important for us to give our consumers a 100% guarantee of the authenticity and origin of the product. HONEST NEKTAR gives the customer access to the source and supply chain of the honey through a QR code and a web link (www.honestnektar.eu/traceability) on the jar's label. Through these, the buyer can get acquainted with the producer of a specific jar of honey, foraging area of the bees, and the plants providing the nectar.

Genuine honey.

Diverse Northern wild and pure nature as a source of genuine honey.

Traceable honey.

Complete traceability of the product. Know the beekeeper and the foraging area of honey through QR code or weblink on the jar.

Pure honey.

Pure uncompromised raw honey. No additives added. 100% guarantee of authenticity, Estonian origin and premium quality.
